Thank you for the timely rewrites/additions to the lead strategy. I have incorporated your input into the latest draft and took a few liberties without using track changes as it was getting too messy. Now that we are getting much closer to our final document I will use track changes for future changes to make it easier to follow.

I incorporated draft commitments into the document and we can decide if we want to leave them in or put them in a separate work plan. I also created a not so pretty spreadsheet to summarize potential partners identified in the draft strategy.

I look forward to our meeting on Tuesday to discuss the attached documents, next steps for finalization of our strategy and our communication plan.
